

Fire Emergency Plan	
Management company	Victoria Mills, Leeds
Managing agents	Residential Management Group: Tel - 0345 002 4444
Effective date of Emergency plan	01/03/2022
In the event of Fire	Action
How people will be warned if there is a fire.	<p>Independent smoke detection is fitted within each flat that will provide early warning of a fire. Residents in other flats would be safer to stay in their flats in the event of a fire alarm activation.</p> <p>If persons are in the plant rooms, bin stores, bike stores or under building car parks, they should leave the building immediately if the fire alarm is sounding in these areas.</p>
If a fire breaks out in your home	<p>Verbally raise the alarm by shouting "Fire".</p> <p>Warn all persons within your apartment and leave together.</p> <p>Where possible turn off your cooker or oven.</p> <p>Where possible close windows and doors, especially the front door of the flat.</p> <p>Do not attempt to put out the fire.</p> <p>Do not put yourself at risk.</p> <p>Leave the building by the nearest available exit and move a safe distance from the block.</p> <p>Call the fire service.</p>
If you see or hear of a fire in another part of the building	<p>The building is designed to contain a fire in the apartment where it starts. This means it will usually be safer for you to stay in your flat if the fire is elsewhere.</p> <p>Ensure your entrance door is fully closed.</p> <p>You must leave immediately if smoke or heat affects your home, or if you are told to do so by the fire service.</p> <p>If you are in any doubt, get out and move a safe distance from the block.</p>
Hearing the alarm (relevant persons who may be elsewhere in the building)	<p>Evacuate the building by the nearest available escape route.</p> <p>If you have visitors or contractors with you, instruct them to follow you.</p> <p>Leave the building by the nearest available exit and move a safe distance from the block.</p>
How will the emergency services be notified and who is responsible	<p>The person finding the fire will dial 999 or 112.</p> <p>When the operator answers, give your telephone number and ask for FIRE.</p> <p>When the fire service replies give the address where the fire is: (Relevant Block) Victoria Mills, Atkinson Street, Leeds, LS10 1EJ</p> <p>Do not end the call until the fire service has repeated the address correctly.</p>
Arrangements for the safe evacuation of people identified as being especially at risk	<p>Details of any individuals with special needs maybe kept near the entrance for easy identification by the emergency services.</p>
Plans to deal with persons once they have left the premises	<p>No individual should re-enter the building for any reason until they have been instructed to do so.</p>
